THE WAY HOW WE DESCRIBE US

VISION & MISSION

“At Ultima Communication, we don’t just power systems—we empower progress. Our dedication to excellence in electrical transmission drives us to deliver innovative solutions, high-quality materials, and a skilled workforce that ensures efficiency and reliability. We believe in shaping a future where technology meets sustainability, and every project we undertake is a step toward that vision.

With passion, precision, and perseverance, we move forward—building connections, powering industries, and creating lasting impact. Together, we illuminate the path to a brighter, more sustainable tomorrow”

....Rakesh Poonia (Director)

INTRODUCTION

Welcome to ULTIMA Communication, where engineering excellence meets innovation. As a premier EPC leader based in Jaipur, Rajasthan, we specialize in **electrical and infrastructure solutions**, blending expertise in electrical, civil, land surveying, and renewable energy to create a more connected and sustainable world.

Driven by a commitment to **quality, efficiency, and forward-thinking solutions**, we take pride in shaping a greener future through reliable, high-performance projects. At ULTIMA, we don't just build infrastructure—we **build possibilities**.

- Together, let's **power progress**.

SERVICES & PRODUCTS

- **EPC & Development**
- **Electrical Power Industries**
- **Renewable Energy Sector**
- **Operation & Maintenance**
- **IT & Networking**

EPC & DEVELOPMENT

ULTIMA Communication is a trusted leader in **solar EPC solutions**, offering end-to-end execution of projects across commercial, industrial, and utility-scale sectors. With **10 years of expertise**, we have successfully commissioned **500 MW of solar projects** and **100 km of transmission lines**, playing a pivotal role in India's National Solar Mission.

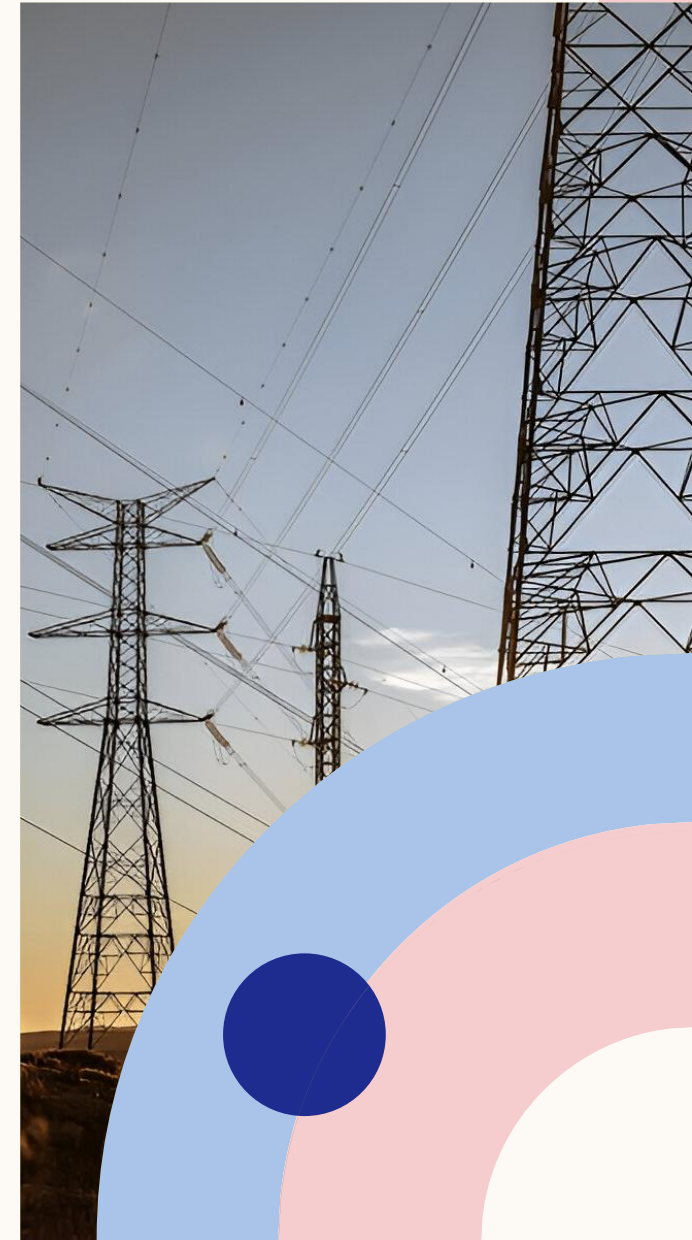

We don't just build solar projects—we **drive innovation, sustainability, and energy transformation.**

ELECTRICAL & POWER INDUSTRIES

Our portfolio features transformers, switchgear, circuit breakers, and advanced power distribution systems. We are dedicated to innovation and excellence, consistently addressing the evolving needs of the power industry.

We specialize in providing comprehensive labour and material supply solutions for the electrical transmission industry. Our services include the skilled workforce and high-quality materials required for the construction and maintenance of transmission lines and related infrastructure. We ensure timely delivery and efficient project execution, helping our clients achieve their goals seamlessly and cost-effectively.

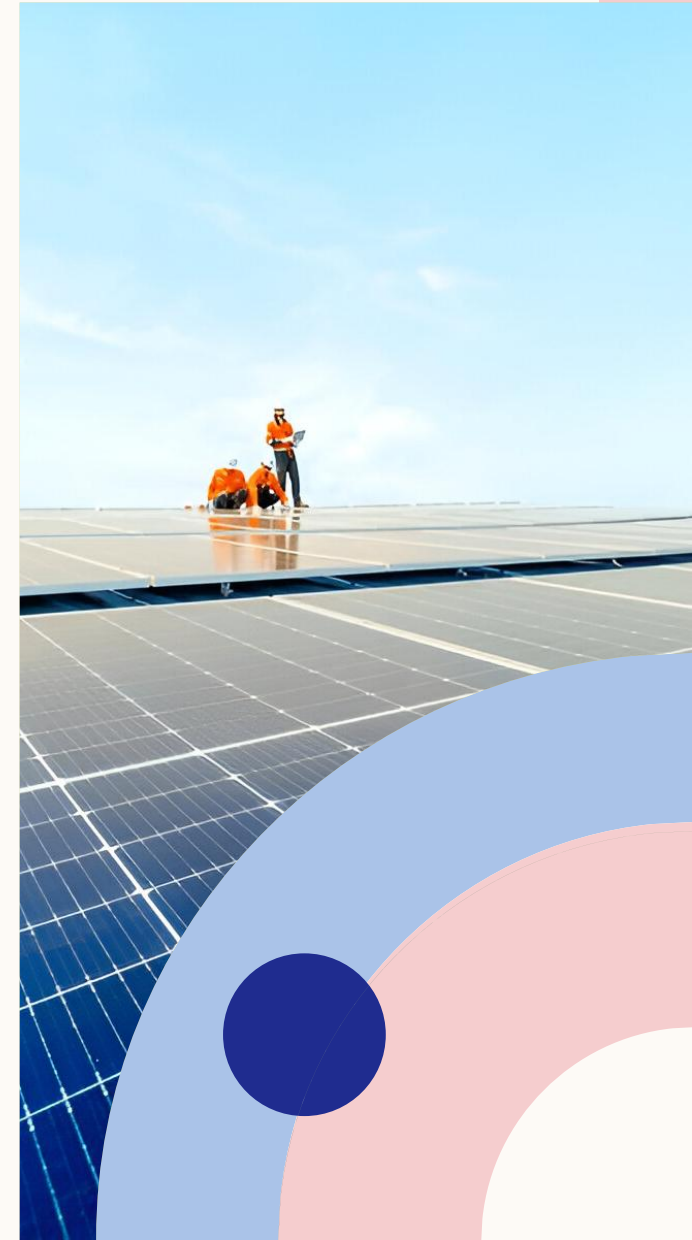

RENEWABLE ENERGY SECTOR

At **ULTIMA Communication**, we are at the forefront of the **renewable energy revolution**, providing **end-to-end solutions** for sustainable power generation. As leading **EPC contractors in the solar industry**, we specialize in **designing, engineering, procuring, and constructing** high-performance **solar photovoltaic (PV) systems** tailored to commercial and industrial needs.

Building the Future of Clean Energy

Beyond solar panel installations, we excel in **civil and foundation works**, ensuring sturdy **infrastructure for solar arrays** that withstand environmental conditions. By integrating **the latest technological advancements** and **industry best practices**, we deliver **cost-effective, scalable, and future-ready renewable energy solutions**.

OPERATION & MAINTENANCE

ULTIMA Communication offers comprehensive **Operations & Maintenance (O&M) services**, providing professional financial and physical asset management, revenue assurance, ongoing maintenance, and complete operational solutions for **PV assets** across India.

With **500+ MW installed capacity**, we proactively **monitor and manage solar plants**, minimizing downtime and maximizing energy production, revenues, and profitability. Our experienced **O&M division** specializes in **preventive and corrective maintenance**, ensuring optimal efficiency and seamless operations.

Our team provides **monthly performance reports**, project commissioning expertise, and advanced mechanisms for data retrieval and management. With over **150 MW of projects maintained**, we stand by our **performance guarantee**, ensuring your solar power plant operates at peak efficiency.

When you choose **ULTIMA Communication's O&M services**, you gain a trusted team backed by one of **India's most reputable and bankable solar companies**.

IT & NETWORKING

At **ULTIMA Communication**, we provide **comprehensive IT and networking solutions**, ensuring **seamless connectivity, security, and digital transformation**. Our services include **IT consulting, system integration, managed services**, and **network infrastructure design and deployment** (LAN, WAN, wireless). We offer **high-quality IT products**, including **routers, switches, firewalls, and servers**, backed by expert installation and optimization.

By leveraging **cutting-edge technology and industry best practices**, we enhance **connectivity, efficiency, and cybersecurity**, helping businesses **scale and innovate** in the digital era. **ULTIMA Communication** is committed to **quality, reliability, and customer satisfaction**, driving businesses toward a **future-ready IT ecosystem**.
